We are ready
Albrenb srl

OUR PARTNERSHIPS

Rugged industrial routers and switches Media converters , Voip material

Quick connect mesh trays and special cables

OKT cable entry perfect sealing – Available in fire resistant version REI 120

Innovative CCTV video surveillance system with inviuo images on cellular network in HD quality

Optical boxes, junction bocesracks, accessories for FO connectivity

Cables for industrial and personal safety

Pipes and micropipes for cable protection and distribution.

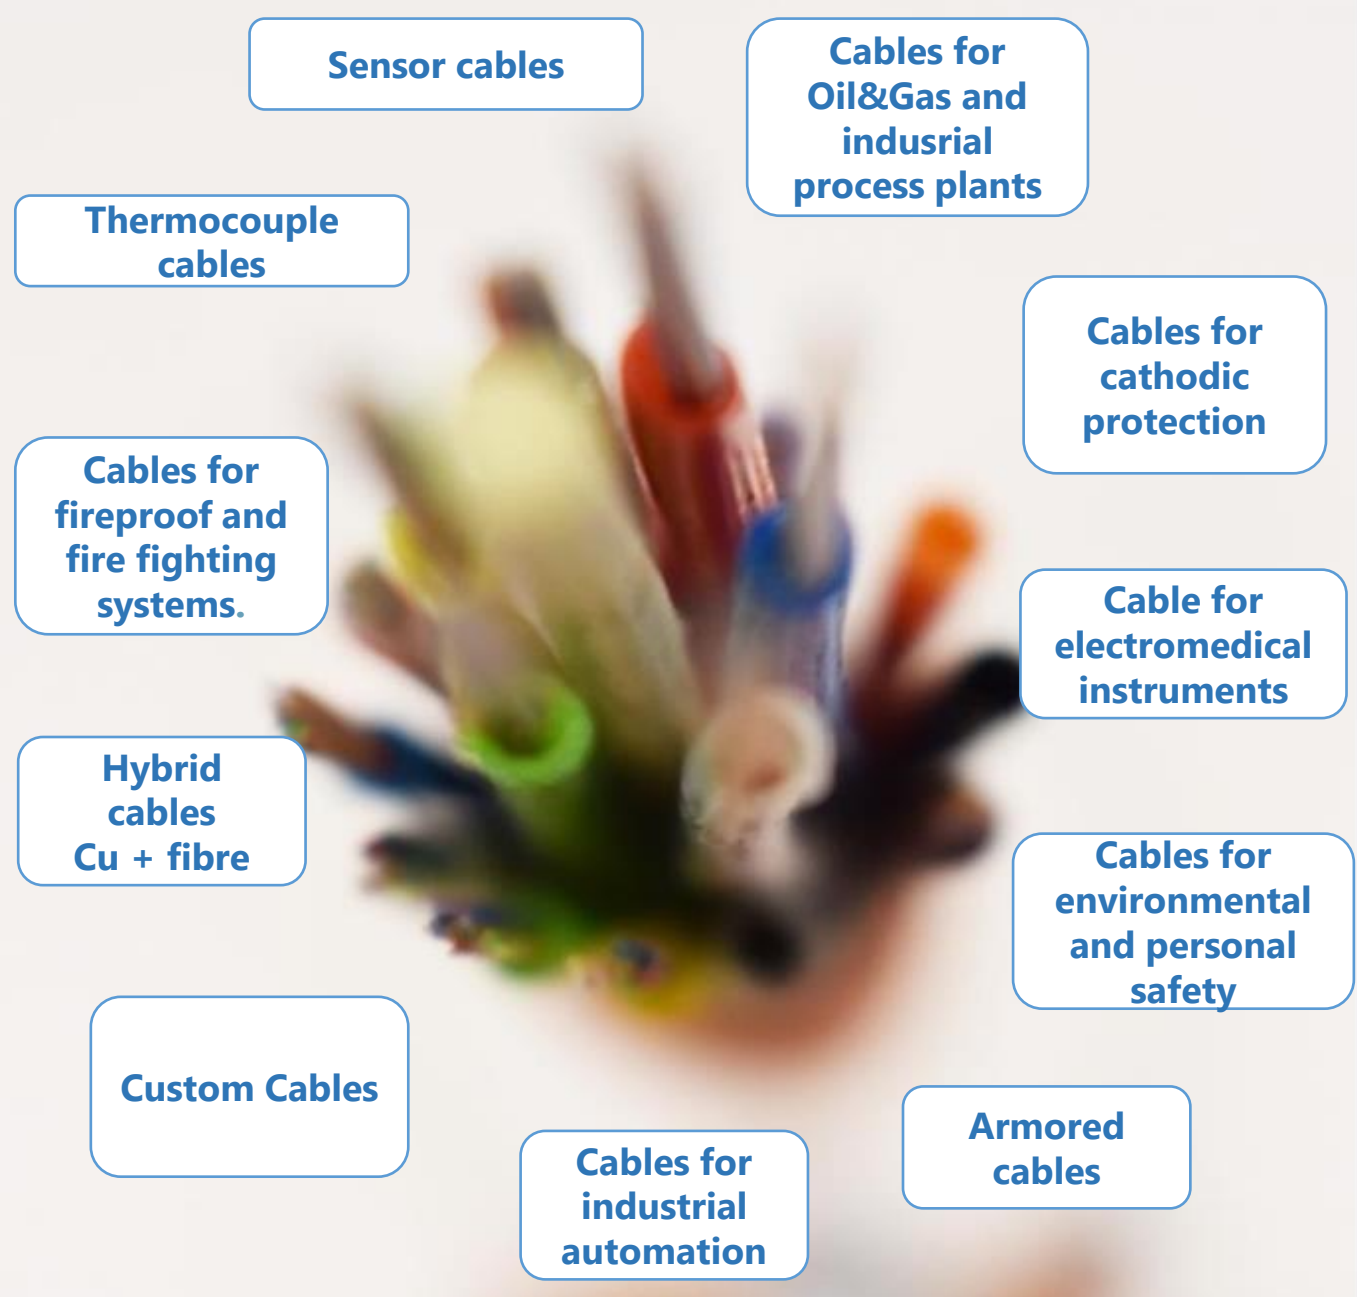

Steel and stainless steel cable trays and bus-bars

Fiber optic cables, ADSS cables, OPGW cables, copper railway signal cables.

Power cables – Instrumentation Cables

Sensor cables

**Cables for
Oil&Gas and
industrial
process plants**

**Thermocouple
cables**

**Cables for
fireproof and
fire fighting
systems.**

**Hybrid
cables
Cu + fibre**

Custom Cables

**Cables for
industrial
automation**

**Armored
cables**

**Cables for
cathodic
protection**

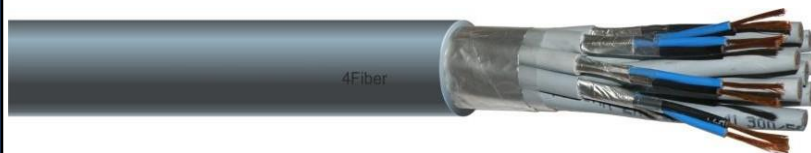

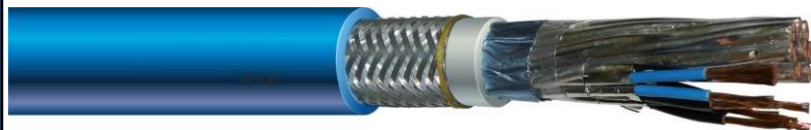

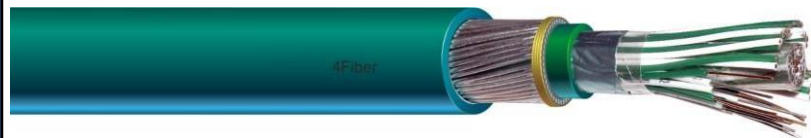

**Cable for
electromedical
instruments**

**Cables for
environmental
and personal
safety**

A WORLD OF SPECIAL CABLES 30 YEARS OF EXPERIENCE

A deep technical knowledge of the product and its application in the most demanding sectors combined with passion and competence are the topics with which we know we can become your partner.

We are at your service to advise you in “focusing” and in the choice of the most suitable product for your needs.

CABLES FOR OIL&GAS

INSTRUMENTATION AND POWER ARMORED CABLES

THERMOCOUPLE CABLES

FIRE RESISTANT CABLES FIBER OPTIC CABLES
