BEYOND INNOVATION

Innovative and durable solutions

We are agents and distributors of some of the main international manufacturers who supply innovative and durable products and services in the most demanding and qualified industrial sectors such as Telecommunications, Oil & Gas, petrochemical, Railways, Highways, Video security, etc.

Our partnerships with the companies we represent together with our experience allows us to offer the market a very wide range of products and innovative solutions.

Flexibility, experience and problem solving are the main characteristics of our team which is confronted daily with the demands of an increasingly competitive and demanding market.

A network of agents allows us to cover the most important strategic areas of the national territory

OUR RANGE OF PRODUCTS

Rugged industrial routers and switches Media converters , Voip material

Power systems for industrial equipment

Patented air bag system for cable entry perfect sealing – Available in fire resistant version REI 120

Innovative video surveillance system sending image streams on 4G/5G cell net in HD quality

Optical boxes, junction boxes,racks, accessories for FO connectivity

MT/BT transformers resin or oil insulated.

Pipes and micropipes for cable protection and distribution.

Steel, stainless steel and mesh cable trays.
Bus-bars

Fiber optic cables, ADSS cables, OPGW cables, copper railway signal cables.

Power cables – Instrumentation Cables

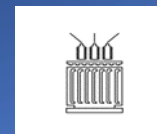

UPS SYSTEMS FOR INDUSTRY

3-phase UPS systems that deliver high availability and reliability with modular UPS. High-efficiency, fully integrated, and end-to-end uninterruptible power supply solutions protect your enterprise-wide networks, data centers, mission-critical systems, and industrial manufacturing processes.

TRANSFORMERS

Single-phase & three-phase liquid immersed or dry cast resin and air insulated transformers, amorphous & high efficiency transformers, reactors and coils with different powers, cooling and special tailored products. A range of high quality expertise addressed to any kind of customer: from utilities to OEM's (Original Equipment Manufacturer), from EPC's needs (Engineering Procurement and Construction) to standard distribution purposes.

ALTERNATIVE ENERGIES

A wide range of products to produce and store energy from natural sources.

Sensor cables

**Cables for
Oil&Gas and
industrial
process plants**

**Thermocouple
cables**

**Cables for
fireproof and
fire fighting
systems.**

**Hybrid
cables
Cu + fibre**

Custom Cables

**Cables for
industrial
automation**

**Armored
cables**

**Cables for
cathodic
protection**

**Cable for
electromedical
instruments**

**Cables for
environmental
and personal
safety**

A WORLD OF SPECIAL CABLES 30 YEARS OF EXPERIENCE

A deep technical knowledge of the product and its application in the most demanding sectors combined with passion and competence are the topics with which we know we can become your partner.

We are at your service to advise you in “focusing” and in the choice of the most suitable product for your needs.

albremb
BEYOND INNOVATION

SPECIAL CABLES TAYLORED ON CUSTOMER'S NEEDS

HYBRID CABLES (CU + FIBER OPTIC)

CABLES FOR ELECTROMEDICAL DEVICES

SELF SUPPORTING CABLES

DATA CABLES FOR INDUSTRIAL USE

BUS FIRE RESISTANT CABLES

CABLES RESISTANT TO EXTREME TEMPERATURES

INFRASTRUCTURES - MATERIALS

Industrial cable trays (aluminium, steel, inox), wire mesh trays and bus bars

WATER AND GAS TIGHT SEALINGS FOR CABLE ENTRIES

The OKT patented airbag system allows the sealing of cable entries ; easy and fast, safe, guaranteed and patented. Available in fire resistant version REI 120 certified

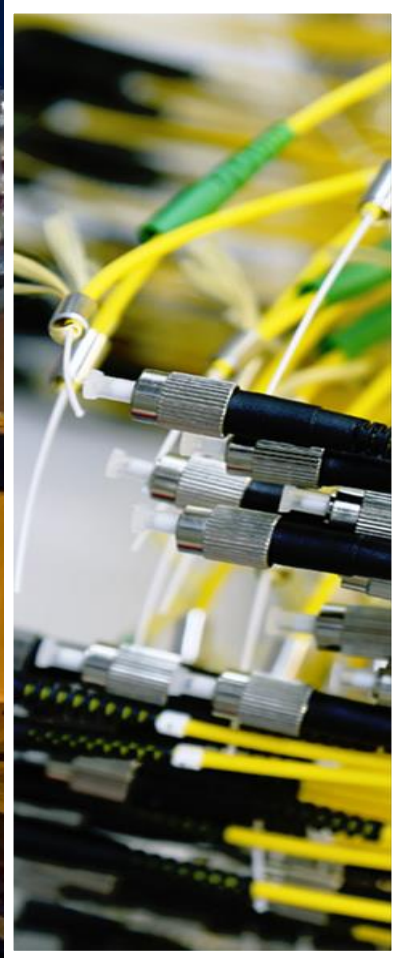

Housing for electronic equipments :

- Indoor and outdoor racks
- Road cabinets
